I certify that I hunted or acquired this trophy in an ethical, lawful, fair-chase manner, and according to Rowland Ward Ltd.'s Guiding Principles.

Signature _____ (Official Use Only _____)

Method 5 Pigs and Hippopotami

Length: Measure the length of the two longest tusks on the outer curve from the base to the tip. **(L)** Do not card off. (Figure 1) (See General Instructions.)

Circumference: Measure the circumference of each of the longest tusks at its largest point and at a right angle to the axis of the tusk. **(C)** Typically this is somewhere between the gumline and the halfway point of the tooth. If there are any grooves in the teeth, the tape measure must span the grooves—do not press the tape measure into any depressions.

Babirusa pigs: Measure all four tusks in the upper jaw.

Comments (Note trophy repairs, remeasuring, and so on, here):

Species _____ Owner _____
